# Pressure Fryers

**PFE 500** Electric

PFE 500 electric pressure fryer with Computron™ 8000 control

Henny Penny first introduced commercial pressure frying to the foodservice industry more than 50 years ago. Frying under pressure enables lower cooking temperatures for longer oil life, and faster cooking times to meet peak demand. Pressure also seals in food's natural juices and reduces the amount of oil absorbed into product.

Today, Henny Penny pressure fryers continue to lead the industry in performance, durability and innovation.

The Henny Penny PFE 500 remains one of the most popular and reliable pressure fryers on the market. Operators can choose either low or high wattage immersed heating elements that generate fast

temperature recovery and welcome energy savings.

Henny Penny pressure fryers have a patented lid lock and color-keyed spindle that make it easy to create a perfect pressure seal every time.

A built-in filtration system filters and returns hot frying oil in minutes. No separate pumps and pans, no handling hot oil.

The Computron™ 8000 control features automatic, programmable operation, as well as energy-saving, filtration and cook management functions.

The Computron™ 1000 control offers programmability in a simple, easy to use digital control panel with LED display.

## Standard Features

- Patented lid-lock system keeps lid locked until pressure reaches 1 psi
- Color-keyed locking spindle engages pressure seal
- Heavy-duty stainless steel fry pot with 7-year warranty
- High-efficiency heating elements generate fast recovery and energy savings
- Rectangular fry pot design promotes turbulence for even cooking
- Cold zone below heating elements helps extend oil life
- High-limit temperature protection
- Built-in filtration system
- Cast aluminum alloy lid is strong but light for easy handling
- Channel under lid directs condensation away from pot when lid is up
- Raised edge on deck reduces spills
- Stainless steel construction for easy-cleaning and long life
- Narrow footprint saves floor space and cookline frontage
- 4 heavy-duty casters, 2 locking
- Computron™ 8000 control (additional charge)
  - 10 programmable cook cycles
  - Melt mode
  - Idle mode
  - Clean-out mode
  - Water detection alert
  - Load compensation
  - Proportional control
  - Optional filter prompt and customizable filter tracking
  - 16-character digital display with multiple language settings
- Computron™ 1000 control
  - Programmable
  - LED Time/Temp display
  - Simple UP/DOWN arrows

## Accessories shipped with unit

Filter screen with standard filter media (2 PHT filter envelopes)

## Accessories and options available separately

- 4-tiered basket
- Locking basket handle
- Full-size basket and handle
- Crumb pan and handle
- Filter pan dolly
- Choose one:
  - Filter rinse hose OR
  - Direct Connect shortening disposal

# Pressure Fryers

**PFE 500 Electric**

**Dimensions**

Height	48.00 in	(1219 mm)	top of stack
Height	63.00 in	(1600 mm)	with lid up
Width	19.70 in	(500 mm)	
Depth	38.60 in	(980 mm)	

**Crated**

Length	44 in	(1118 mm)
Depth	27 in	(686 mm)
Height	56 in	(1420 mm)
Volume	39 ft <sup>3</sup>	(1.1 m <sup>3</sup> )
Weight	370 lb	(168 kg)

**Required clearances**

Top	15 in	(381 mm)	lid up
Sides	6 in	(152 mm)	air flow, minimum 1 side
Back	6 in	(152 mm)	air flow, connections
Front	30 in	(762 mm)	remove filter pan

**Pressure**

Operating pressure	12.0 psi
Safety valve setting	14.5 psi

**Heating**

3 immersed elements

- 3.75 kW each/11.25 kW total
- 4.50 kW each/13.50 kW total

**Oil capacity**

48 lb or 25 L

**Bidding specifications**

Provide Henny Penny model PFE 500 electric pressure fryer, 4-head capacity, with built-in filtration system.

Unit shall incorporate:

- Computron™ 1000 simple digital control OR Computron™ 8000 control system (additional charge) with programmable or manual operation, LED digital display, idle and melt modes, load compensation, filtration tracking and 7-day history
- Fry pot of heavy duty stainless steel with 7-year warranty
- Color-keyed locking spindle and lid-lock system to seal and create and maintain 12 psi pressure in cooking chamber
- 4 heavy-duty casters, 2 locking
- Starter kit with choice of filter media

**Electrical**

Volts	Phase	Hertz	11.25 kW Amps	13.50 kW Amps	Wire*	Cord & Plug (optional) Not available for all destinations
